Congress Aims For Saturday To Close Shop

WASHINGTON (AP) — Driving hard for adjournment by Saturday, Congress has crowded more major legislation than it has considered in any previous month this year.

Bills dealing with billions of dollars in appropriations and the war on poverty, food for peace, aid to education, public works, water pollution, unemployment compensation, public health, "truth in packaging" and urban rehabilitation are carded for final action in the headlong rush to quit.

Prospects were good for all of them to get through before members of Congress end their work in Washington for the year and hurry home for final campaigning in advance of the Nov. 8 elections. There was some talk of quitting Thursday or Friday.

Most big spending bills previously cleared the Senate and the House and are now in compromise form and subject to limited debate.

The 15th and final major appropriation bill of the session starts through the House Tuesday. It would allot \$4.9 billion for miscellaneous activities, including aid to elementary, secondary and higher education and the war on poverty. It still has to go through the Senate.

UAW Strikes Carboly Plant

WARREN (AP) — Some 1,100 United Auto Workers today struck General Electric Co.'s Carboly Division in Warren.

Local 771 of the UAW threw up picket lines at midnight after negotiations on a proposed new contract broke down an hour earlier.

Carboly, which has some defense contracts, is the only producer of man-made diamonds in the United States. The plant in the Detroit suburb of Warren is the only one of its kind.

No new contract talks were scheduled, a Carboly spokesman said.

He said there was "no significant progress" in 17 hours of bargaining over the weekend. But neither the company nor union has asked for help from federal or state labor mediators, he said.

Union and management said bargaining broke down over local issues.

Elmer Geroux, local 771 financial secretary, said 44 grievances were involved and the union was demanding increased wages of skilled workers to meet "area rates," changes in grievance procedure and other locally determined issues.

Bandits Get Cash

DETROIT (AP) — Four bandits held up Mr. and Mrs. Harry Brodick as they were closing their F & B Patent Medicine Store on the near West Side Saturday and robbed them of \$5,100 in cash and \$1,000 in checks, police reported.

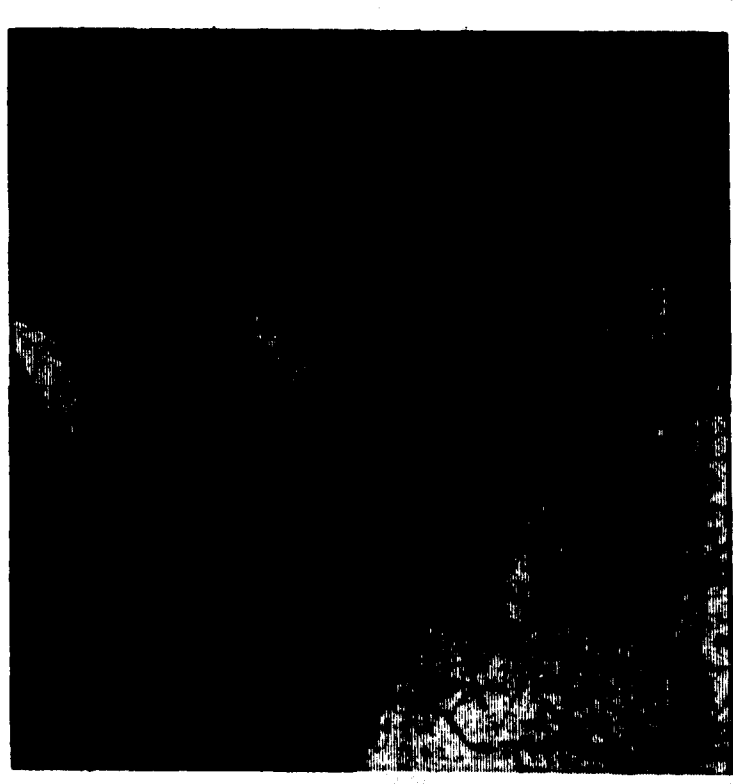

Weather

By The Associated Press

ESCANABA AND VICINITY — Partly sunny and cool today, high around 50. Partly cloudy tonight and not quite as cold, low around 40. Increasing cloudiness Tuesday with a chance of afternoon showers and a bit warmer, high 55. Westerly winds (5 to 25 mph) becoming south to southwest tonight and Tuesday. Wednesday outlook: clearing with little temperature change. High Sunday, 45 and low overnight, 33. Precipitation probabilities: today, 10%; tonight, 10%; Tuesday, 30%.

The sun sets today at 6:00 p. m., and rises Tuesday at 7:09 a. m.

High temperature readings: Albany 59 Memphis 61 Albuquerque 72 Miami 82 Atlanta 75 Milwaukee 48 Bismarck 87 Mpls.-St. P. 48 Boise 87 New Orleans 75 Boston 67 New York 73 Buffalo 63 Okla. Thant Protests Zionist Invasion Of Syria Office

UNITED NATIONS, N.Y. (AP) — Secretary-General U Thant planned to meet U.S. Ambassador Arthur J. Goldberg today to relay an Asian-African protest against the Zionist invasion last week of Syria's U.N. mission. The incident focused attention on renewed demands from some delegates that the United Nations move from New York.

A group of 19 young American Zionists, carrying such signs as "Peace in the Middle East" and

Goldmans Wait Return Of Son

MIAMI, Fla. (AP) — In the always-locked front door of Aaron Goldman's home there's a peephole, through which a caller can be seen. Inside the house there's a gun.

"It's like locking the barn door," said Sally Goldman.

Once the Goldmans took no such precautions at their home in the fashionable suburb of Surfside. But it was through an unlocked door, that a gunman came in the night last March 28 and kidnapped the Goldmans' son, Danny, 17.

Screaming "Help, Murder!" Danny was dragged away—into oblivion. Nearly seven months later, this remains the third of unexplained ransom kidnappings on FBI casebooks and the first in nearly three decades. Others on the FBI unexplained list are the Charles Mattson kidnapping in 1937 and the Peter Levin kidnapping in 1938.

Is there a lead left, any hope? "Some day," said an FBI agent, "we'll have to find him. But I've never seen a case like this, and I never expect to see another one."

Jolted awake by the screaming of his wife, Goldman saw the silhouette of a short, stocky man, standing just inside the patio door, holding a gun.

"You cheated me," the figure said softly. "I'm here to get even."

The gunman ordered Danny to get dressed, and told Goldman, "The price is \$25,000 now and I'll hold the boy as security. If it is not paid by tonight, it will be doubled."

He promised to telephone instructions for payment of the ransom, but the Goldmans still wait.

"We believe Danny is still alive," Goldman insists. "We must keep believing it."

But Goldman also offers "a small reward" for location of the body. It is small, he says, "so someone wouldn't profit heavily by killing him."

In the faint hope the call still will come, Mrs. Goldman hasn't left the house except for a few brief periods when a sister sat by the phone.

Mount Pleasant Man Electrocuted

MOUNT PLEASANT (AP) — Frank S. Griffith, 28, of rural Mount Pleasant, was electrocuted Sunday when a 60-foot citizen's hand radio antenna fell across a 5,000-volt power line. Howard Keller, 23, of Mount Pleasant, was hospitalized for shock and burns. Police said the pair were among a group of five men attempting to remove the antenna.

Allies Sink 121 Cong Ships In Mekong Battle

SAIGON, South Viet Nam (AP) — South Vietnamese militiamen, U.S. gunship helicopters and river patrol boats swept down on a flotilla of 150 Viet Cong sampans in the Mekong Delta Sunday, sank 121 of the enemy boats and killed 147 Viet Cong soldiers, South Vietnamese military headquarters reported today.

The American helicopters accounted for 51 of the enemy dead, while the Vietnamese force also took 17 prisoners in the search and destroy operation in Kien Tuong Province.

Viet Cong terror returned today to the streets of Saigon. A claymore mine explosion near a U.S. military billet took a toll of 11 killed or wounded.

Premier Nguyen Cao Ky's government also was rocked by new dissension within the Cabinet which endangered the facade of unity Ky had patched together for the Manila summit conference.

Ky, on a trip to the central highlands, said he would invite President Johnson to visit South Viet Nam after the Manila conference next week. There has been speculation that the President would make a one-day stop in South Viet Nam Oct. 27.

Except for the sampans battle, scattered ground fighting continued on a small scale. Another force of militiamen reported 21 enemy killed and nine captured in an engagement in Kien Phong Province southwest of Saigon on the Cambodian border.

The U.S. air offensive against North Viet Nam was severely hampered by rainstorms and generally bad weather.

Fire Destroys Emmet Church

EMMETT (AP) — Our Lady of Mt. Carmel Catholic church burned to the ground Sunday night after 75 years of gracing the countryside near this St. Clair County community.

Only charred portions of the brick walls and the church's triangular tower remained. One fireman was slightly injured while trying to save the sacred vessels from the church's altar.

"How can you measure in dollars and cents what this means to the people who have given so many years of their lives to the church?" asked the Rt. Rev. John C. O'Neill, pastor of Our Lady.

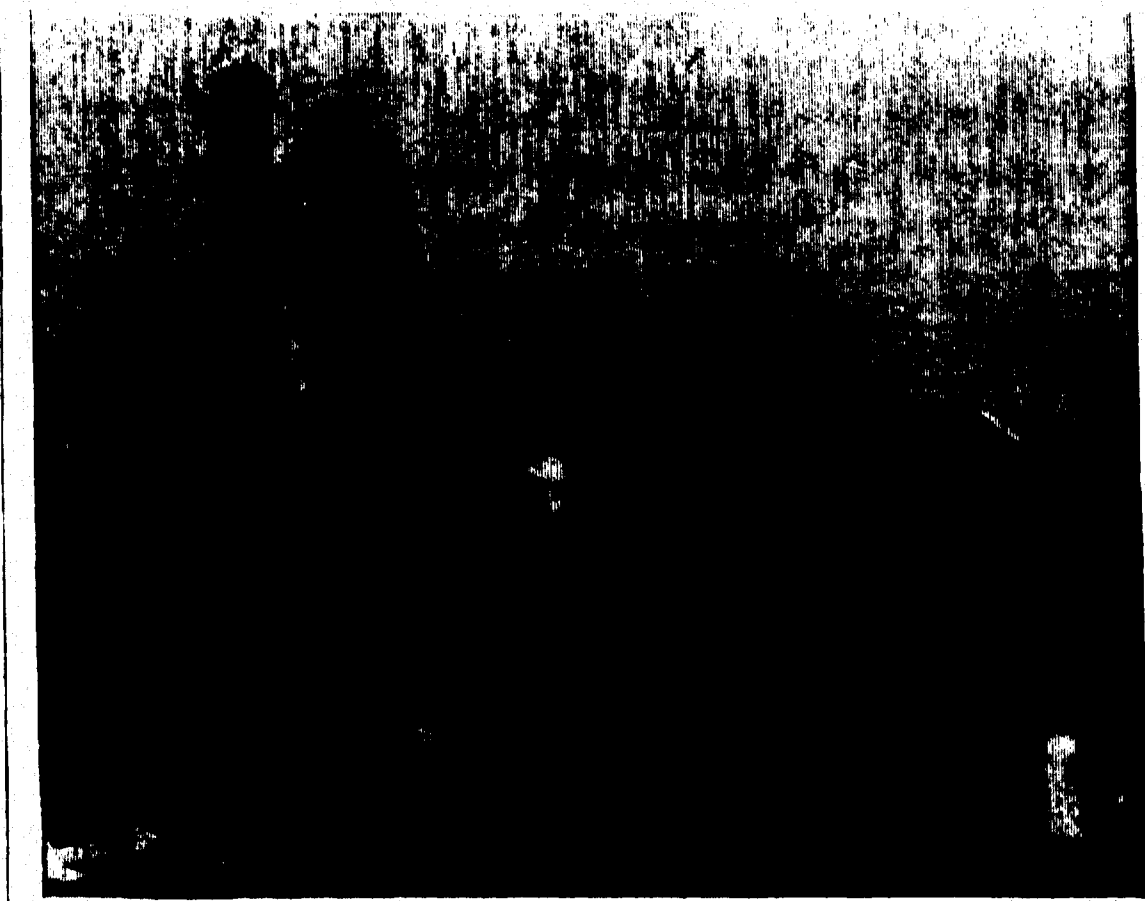

"This is a sad day," said a tearful former pastor, the Rt. Rev. John T. Farrell, who retired recently after 43 years of ministry to the Irish community about 17 miles west of Port Huron.

Some 160 firemen from 15 departments fought a blaze which was visible against a hazy sky for 10 miles.

Two boys attending a fall harvest dinner at the rectory saw smoke coming from the church and ran to tell Rev. Farrell.

Among the volunteers fighting the fire which quickly spread through the old frame interior was Emmett's Mayor Harold D. Densmore, 55.

President Is Off On 17-Day Tour Of Asia

IN THE BACKGROUND is the House of Congress building in Manila where international leaders, including President Johnson, will hold their first session of the Viet Nam summit meeting. In left foreground is the Rizal War Memorial. (AP Wirephoto)

Williams And Griffin Are In Detroit Debate Today

By The Associated Press
G. Mennen Williams and Sen. Robert P. Griffin debate today for the first time in their senatorial election campaigns.

Democratic former Gov. Williams and Griffin, who has been needing Williams for weeks to face him in open debate, appear before the Economic Club of Detroit.

Earlier today, Griffin said an "Operation Price Tag" survey conducted by 1,000 of his campaign volunteers showed that Michigan housewives believe rising food prices have hurt family budgets the most.

"The survey was three-fold," Griffin said. "We wanted to spotlight the wage earners' shrinking dollar, to find out what increases were most noticeable

and to learn what people thought should be done to curtail the inflationary trend."

He said 64 per cent of the 3,000 returns stated food price hikes had hurt budgets the most. Clothing cost increases were cited by 13 per cent as the largest factor in budget increases, Griffin said.

Fifty per cent listed "excessive government spending" as "the cause of inflation." Nineteen per cent cited wage increase demands by unions; 4 per cent Viet Nam war costs, and 25 per cent "No opinion, but want inflation stopped."

Asked what the federal government should do to combat inflation, the survey reported 25 per cent want "government 'Give-away' programs halted. Eighteen per cent, Griffin said, advocated price ceilings on foods; 11 per cent foreign aid cuts; 11 per cent miscellaneous programs, and 17 per cent miscellaneous opinions. Some 100,000 survey forms

were distributed at shopping centers and supermarkets around the state, Griffin said.

Williams called Saturday for a cutback in the government's space program as an anti-inflation step.

No Miracles In Sight; To Seek Ways To Peace

WASHINGTON (AP) — President Johnson, getting a red carpet sendoff on his 25,000-mile Pacific-Asian journey, said today "I shall do my best" to promote peace and human progress.

Standing on a bunting-draped platform at Dulles International Airport in the nearby Virginia countryside, Johnson said:

"I leave you to undertake a hopeful mission. I ask for your prayers. I shall do my best to advance the cause of peace and of human progress."

The top layer of Washington officialdom gathered under the flags of the 50 states in front of the airport's futuristic terminal building to say their farewells to the President and Mrs. Johnson.

The President, who will visit at least six countries in the next 17 days, said he wants to learn "of their progress and problems, their hopes and their concerns."

Frances A. Viet Nam
A seventh country not listed on Johnson's itinerary — South Viet Nam — stands as the focal point of his arduous travels, however. Viet Nam claimed greatest attention in his departure statement.

Referring to the seven-nation Manila conference set for Oct. 24-25, Johnson said:

"A small Asian nation is under attack and defending itself with extraordinary courage and endurance. I go to comfort with its leaders and with the leaders of those other nations that have committed their young men to defeat aggression."

"We shall review the state of military operations; but we shall mainly devote our attention to the civil, constructive side of the problem of Viet Nam."

"We shall together seek ways of bringing about an honorable peace at the earliest possible moment."

Note Of Caution
Johnson, though obviously in a buoyant mood for the past week, sounded a note of caution Sunday. Appearing at the dedication of a Roman Catholic shrine at Doylestown, Pa., he said "we cannot wave any wand and we do not expect to achieve any miracles" — at home or abroad.

The carefully staged airport ceremony was attended by a broadly representative official farewell committee.

Turning out were Vice President Hubert H. Humphrey, members of the Cabinet and diplomatic corps, Democratic and Republican leaders of Congress, trumpeters, bandmen, troops of all the services and experts at firing 21-gun salutes.

Honolulu Overnight
The Johnsons were bound nonstop for Honolulu and an overnight stay before flying Tuesday to New Zealand via American Samoa and its exotic South Seas town of Pago Pago.

Johnson scheduled two speeches in Honolulu — one at the airport and a more extensive address at the East-West Center there. Mrs. Johnson will pursue her interest in beautification throughout the trip, was to plant a frangipani tree at the center and accept an award as a patron of beauty — "a language of all mankind."

The President will be the first American chief executive ever to set foot, while in office, in Australia, New Zealand, Thailand, Malaysia and American Samoa.

He also will visit the Philippines, South Korea and — on the return journey early next month — Alaska.

Stockholders In Bank Will Meet

DETROIT (AP) — A second committee of Public Bank stockholders plans to meet today to discuss ways to recover losses suffered when the bank was sold last week.

The new group is called Shareholders' Protection Committee of Public Bank.

Another group, calling itself the Public Bank Shareholders' Committee, will meet Tuesday to discuss ways to recoup the purchase of the bank.

Public Bank was sold to the Bank of the Commonwealth after being put into involuntary receivership.

Union Ratifies Pact With GE

NEW YORK (AP) — Leaders of the AFL-CIO International Union of Electrical Workers have ratified a new contract with the General Electric Co., but several union locals called strikes over local issues.

Some 20,000 workers at a jet engine plant in Evendale, Ohio, and GE installations at Schnectady and Auburn in upstate New York already have walked out.

Early today some 2,000 machinists struck the Utica, N.Y., plant. Strike threats also loomed at Louisville, Ky., and Pittsfield, Mass.

At Louisville, a strike vote was scheduled for 11 a.m. EDT today by 300 members of the Skilled Craft Guild. The plant employs 12,000 workers, with 10,000 being represented by the IUE. The IUE voted Sunday to honor the Guild picket line.

At Warren, Mich., some 1,100 United Auto Workers struck GE's Carboly Division after a fruitless weekend bargaining session.

Carboly, which has some defense contracts, is the only producer of man-made diamonds in the United States.

Cals Government Resigns To Queen

THE HAGUE, Netherlands (AP) — Premier Jo Cals submitted the resignation of his government to Queen Juliana today. The regime collapsed in Parliament Friday night because of its financial policy.

The government information service said the queen asked Cals and his Cabinet to continue government affairs and "do everything which they think necessary in the interest of the country."

Cals headed a Labor-Catholic coalition for the past 18 months. The service said the queen took the resignation into consideration.

Denver Housewives Ready Boycott Of 5 Big Food Chains

DENVER, Colo. (AP) — Housewives in the Denver metropolitan area today are ready to boycott five major grocery chains in an effort to get lower food prices.

The boycott has become a Colorado political issue. It appears to have caused one chain to reduce prices, and it may mean a visit to Denver by a presidential aide.

Esther Peterson, special assistant to the President on consumer affairs, wants to attend a meeting of the Better Business Bureau, food chain representatives, and the leaders of an organization called Housewives for Lower Food Prices, Rep. Roy H. McVicker, D-Colo., said

Students Meet Here Nov. 5

The U.P. Conference for Student Publications and the U.P. Student Council Conference will be held in Escanaba Saturday, Nov. 5. Each conference will probably be attended by 300 or more high school leaders and their teacher advisers.

The Student Publications Conference has been sponsored for 17 years by the University of Michigan with the assistance of Northern Michigan University and a committee of student publications advisers from U.P. high schools. The conference will be held at Escanaba Area Senior High School and the keynote speaker will be Professor Mitchell V. Charnley of the School of Journalism at the University of Minnesota. Consultants from Upper Peninsula institutions of higher education and news media will also be on the program.

The Student Council Conference, which is also being sponsored by the University of Michigan with assistance of other institutions will be held at the Holy Name High School. The major speaker will be Professor Donald Weaver of the School of Education, Western Michigan University.

The famous Boston Tea Party occurred Dec. 16, 1773.

Flooding On Tahquamenon

State Buys Luce Lake Land

By KENNETH S. LOWE

The Michigan Conservation Commission has approved a huge land exchange program in Luce County that will pave the way for development of a major hunting and fishing area. The State will acquire 7,351

acres in a large blocking six miles long and two to three miles wide, straddling the Tahquamenon River starting about six miles west of Newberry, in exchange with Kimberly-Clark Corp. for 1,840 acres of state-owned timberlands in the Tahquamenon River State Forest.

The land the state will obtain lies in the above the proposed Dollarville flooding project on the Tahquamenon River.

A dam was constructed across the Tahquamenon near Dollarville more than 75 years ago to create a water impoundment for use in logging operations. The height of the dam was about 1,200 and 1,400 acres. It is reported that this flooding project

duced excellent waterfowl hunting and fishing, as well as trapping for furbearers.

The dam structure was kept in repair until the mill pond was abandoned in 1924. Since that time the dam gradually deteriorated and finally it washed out in 1928. With the receding of the water, the wildlife benefits dwindled to the area's present pay status of non-productive swamp and forest land.

For several years a number of local groups and Michigan Conservation Department staff members have considered the reconstruction of the Dollarville dam in an attempt to reflood area. The Luce County Planning Commission is now sponsoring a cooperative federal aid project for the construction of the dam. It has raised local funds and donations of materials. Total construction costs will be about \$100,000. The department will administer the project when completed.

The commission also voted to acquire 282 acres, with 12,188 feet of frontage along the Tahquamenon River from Calumet & Hecla, Inc., for \$51,940. Acquisition of this tract will help consolidate state ownership of much of the south and west sides of the river and extend the boundaries of the Tahquamenon Falls State Park.

C&H, which is in the process of liquidation of its sizable holdings in and near the state park, also has given the Conservation Department an option for an additional 1,415 acres in the same area for \$52,760.

The commission also approved exchange of 19 acres in down-state Roscommon County for 20 acres in the Newberry area. The exchange was negotiated as an accommodation to the Village of Roscommon and the Roscommon Area Industrial Development Corp. to allow the applicant, Hancock Industries, Inc., of Jackson, to acquire a site for a new light industrial facility. The exchange also will allow the State to acquire land needed for future use for the Conservation Department's Newberry district office to relieve over-crowding at an existing site not capable of expansion.

Two Young Men Unharmed After Night In Woods

Two Escanaba young men, lost overnight while hunting in Ford River Township, walked out of the woods chilled but unharmed about 8 a.m. today.

They are David Breaux, 18, of 1120 S. 23rd St., and Raymond Segorski, 17, of 1910 24th Ave. S.

They and Paul Paulson, 16, of 410 S. 17th St., had gone hunting together Sunday and were to meet at 4 p.m. Paulson reported Sunday evening that the other two young men had failed to show up.

State Police and Conservation officers and volunteers sought to locate Breaux and Segorski during the night, and they heard shots in reply to their signals.

This morning Breaux and Segorski walked out to the roadway.

Harold Peterson Dies On Friday

GLADSTONE—Harold Peterson, 48, formerly of Gladstone, died Friday at 7 p.m. in Riverside, Ill.

He is survived by his widow, Grace; four daughters, Kerry, Kathy, Kim and Kris; three brothers, John of Riverside, Hilding of Gladstone and William of Broadview; one sister, Mrs. Richard (Eileen) Slesley of Los Altos, Calif.

Funeral services will be conducted at 2 p.m. Tuesday in Riverside. Mr. and Mrs. Hilding Peterson left Sunday to attend the services.

Mrs. Adolore Boudreau

Mrs. Boudreau Dies On Sunday

Mrs. Adolore (Delia) Boudreau, 76, of 318 S. 8th St., Escanaba, died at 3:10 p.m. Sunday at St. Francis Hospital where she had been a patient for three weeks. She had been in failing health for the past year.

Born June 16, 1890 in Perkins, she had lived in Escanaba for the past 50 years. Mrs. Boudreau was the mother of 19 children of whom 11 survive and she was selected Mother of the Year in 1961. She was a member of St. Anne's Church and was one of the founders of the St. Alumn Association. Mr. and Mrs. Boudreau celebrated their 50th wedding anniversary this past spring.

Surviving are, her husband, Adolore; seven sons, Octave (Frenchie) Leo (Bud), Hubert (Sweede), Adolore Jr., Lawrence, Raymond and Robert of Escanaba; four daughters, Mrs. Axel (Loretta) Norlin, Katherine, at home, Mrs. Lloyd (Violet) Baker and Mrs. Frank (Dorothy) Kang, all of Escanaba; one brother, Phillip Beauchamp of Perkins, 59 grandchildren and 30 great grandchildren.

Friends may call at the Alto Funeral Home from 3 to 9:30 p.m. Tuesday and parish prayers will be recited at 8 p.m. Tuesday. Funeral services will be held Wednesday at St. Anne's Church with the solemn Requiem High Mass at 10 a.m. conducted by the Rev. Wayne Marcotte. Burial will be in Holy Cross Cemetery.

In American Samoa, more than 7,000 school children receive elementary education via television.

Logging Clinic Here Oct. 19

HOUGHTON — Michigan Tech's Institute of Wood Research conducted a Log and Pulpwood Production Clinic in Bruce Crossing today. The clinic is being held under provisions of the State Technical Services Act.

The clinic is designed to focus attention on aspects of management which can increase the efficiency of log and pulpwood production operations. Discussions will center around planning the job; use, care and maintenance of equipment; personnel management; and financing the operation.

The consultants, available for private discussions as well as group discussions, are: Thomas A. Walbridge, chief of forestry engineering and development of the Hiwassee Land Co., Calhoun, Tenn.; Ralph J. Elkington, forest engineer for Consolidated Papers, Inc., Rhineland, Wis.; William Barstow, an attorney and associate professor of business and engineering administration at Michigan Tech; Peter Harrison, a certified public accountant with Seidman & Seidman, Grand Rapids, and Richard Nagle from the Center for Economic Expansion at Central Michigan University.

On Tuesday the clinic will move to Iron River; Wednesday to Escanaba and Thursday to Newberry.

Hospital

Mrs. Edith Flannery is a patient at St. Francis Hospital. Her room is 106 and she is allowed visitors.

C. K. Schrader Taken By Death

Clarence K. Schrader of Green Bay, formerly of Escanaba, died at 3:10 a.m. Sunday at Bellin Memorial Hospital where he was a patient for one week.

Born Nov. 14, 1900 in Dollar Bay, he was a retired Lt. of the Escanaba Fire Dept. He also operated a radio and TV repair shop in Escanaba. Mr. Schrader was a member of St. Stephen's Episcopal Church

and the Delta Lodge 195, F. & A. M.

He is survived by his widow, the former Eleanor Barnes; one son, Robert of Escanaba and three grandchildren; two sisters, Mrs. Cora Bauman of Port Huron, Mich., and Mrs. Irma Ohman of Iron River.

Friends may call at the Anderson Funeral Home after 4 p.m. today and masonic services will be conducted at 8 p.m. today. Funeral services will be held at 2 p.m. Tuesday at the funeral home chapel with the Rev. Ben Helmer officiating. Burial will be in Lakeview Cemetery.

A live fish never stops growing.

NMU Team Impresses

Craftsmen OK Project

MUNISING — Marvin Zehnder brought a team of artists from Northern Michigan University here Saturday for the fall meeting of the Upper Peninsula Crafts Council and gave the 40 craftsmen meeting at the Central School a presentation in basic design for crafts.

With Zehnder were Curtis Stephens, Owen Shapiro, Henry Hagemeister and Mrs. Jan Fox. All are from Marquette and from Northern, except Mrs. Fox, who ran a gift shop at Urbana, Ill., and who discussed trends in sales of hand-crafts.

"This is the best program of its kind that we have ever had for the Crafts Council," said Charles Folio of Escanaba, vice president of the Council. "We are all impressed with the high caliber of people that North-

ern is drawing to the faculty of its art department and we in the Crafts Council plan to call upon them heavily for help in the development of a good crafts program for the Upper Peninsula.

"We have invited the NMU team to take a prominent part in the annual exhibit and conference of the Crafts Council at Houghton next spring."

Another highlight of the meeting was presentation by Paul Harkonen of the UPCA staff of a proposal to be submitted to the Economic Development Administration for a technical assistance project to develop a crafts program in the Upper Peninsula.

This would entail a survey of U.P. craftsmen and crafts potentials to last for about three months. It would be followed by exhibits and training classes for craftsmen and a survey of markets locally, in the nation and abroad for U.P. crafts. The proposal has been endorsed already by the UPCA delegate assembly and it was endorsed unanimously by the U.P. Crafts Council here.

The annual election of officers chose a slate presented by the nominating committee com-

posed of Mrs. Bruce Buell, Chassell, and William Erickson of Kingsford. Elected were: Mrs. Milton Scherer, Trout Lake, president; Charles Folio, vice president; Mrs. Nyron Virch, Marquette, secretary-treasurer.

U.P. Power Co. and Edison Sault Electric Co. have started a fund to finance publication of the Crafts Council's directory of U.P. craftsmen and crafts shops. It is in demand in tourist information centers. "Tourists come in holding them in their hands," say craft shop operators.

Lynda Begins New Job Today

NEW YORK (AP) — Can the daughter of a Texas rancher find happiness in the big city?

That's what Lynda Bird Johnson, the 22-year-old elder daughter of the President, finds out today as she begins work as a writer and consultant for McCall's magazine.

The part-time job is the first for Lynda since she graduated last June from the University of Texas. She is working in a new McCall's department covering the attitudes of young Americans, particularly on college campuses.

In her position, which she took at a salary of about \$10,000, the work will be divided between New York and Washington.

WITH ONE SHOT these two Canadian honkers were brought down by Dave Kaziatek, 15, son of Mr. and Mrs. Ralph Kaziatek, 1608 S. 15th St., while he was hunting in the Boney Falls area on Saturday. Dave crawled 350 yards across a muddy field to come within certain range of the two geese. (Daily Press Photo)

Traffic Accidents Kill 18 In Weekend

By The Associated Press

Two nurses drove, as usual, toward Wayne County General Hospital where they worked the midnight shift.

Less than an hour later, their bodies were brought to the hospital in suburban Detroit.

Miss Eunice Curtis, 59, and Mrs. Beatrice L. Collier, 55, both of nearby Westland, were killed Saturday night when their car was struck broadside, police said. Mrs. Collier was chief of the hospital's intensive care unit on her shift.

They were among 18 persons killed during the weekend in traffic accidents in Michigan.

Price Of Food Is Campaign Item In District 11

Mrs. Philip Ruppe, wife of the Republican nominee for Congress in the 11th Congressional District, is working in her husband's campaign with a study of the effects of inflation in the district.

She is telling housewives of the increases in the costs between the Eisenhower Administration in 1958 and the Johnson Administration in 1966 on some familiar items of food. The compared items included, with the 1958 price first and 1966 price second, and percentage of price increase:

Van Camp pork and beans 10c-17c-70%
Swifts bacon 49c-\$1.09-122%
Pork chops 39c a pound-99c-154%
Bread (crack wheat) 2 for 29c-29c-each-100%
Jello 6 for 45c-6 for 70c-56%
Campbell's tomato soup 3 for 33c-3 for 44c-33%

Coho Program Funds Are Cut

LANSING (AP)—Michigan's planned \$1 million salmon-planting program for this year has received a \$300,000 setback. Conservation Department officials report.

Charles Harris, deputy director for resources management, told the Conservation Commission at an informal meeting that the federal government cut its fish program nationwide, meaning Michigan would receive only \$210,000 of the \$526,000 it had expected.

The state, he said, probably would cut back mainly in land purchases for public fishing sites and hatchery facilities.

"This is not a calamity," said Ralph MacMullan, state conservation director. "there is no air

of pessimism about the program."

The department is planting Coho salmon and plans to introduce Chinook salmon to the Great Lakes in efforts both to stimulate sports fishing and clean up trash fish, upon which the salmon feed.

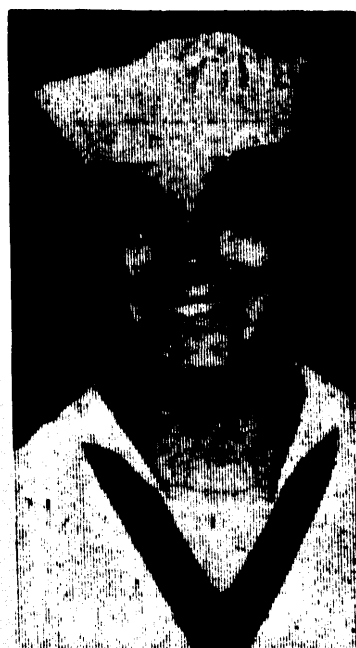

The commission, at its formal meeting today, is expected to act on proposals to sell about \$113,400 worth of timber cutting rights in state forests in November.

Department spokesmen said the proposal is aimed at meeting winter woods needs of commercial loggers and boosting timber harvests in state forests.

If the commission approves, some 835,500 board feet of timber and 41,000 cords of pulpwood will go to the auction block at a series of public sales. Most of the timber recommended for sale is in the Upper Peninsula.

Department officials also are asking the commission to request formally more than \$400,000 in federal grants to buy key park lands—about 1,500 acres at P. J. Hoffmaster State Park near Muskegon and at Holly, Pinckney and Waterloo recreation areas in southeastern Michigan.

SMITH'S PL 700-6881
WE MAKE THEM... ONE DAY SERVICE

DENNIS PELTIER, USN Air, son of Mr. and Mrs. Lionel Peltier of Harris, left Wednesday morning from Quonset Point, R.I., for California by air for Honolulu, Fiji Islands, New Zealand and Antarctica for six to nine months duration in Operation Deep Freeze at the South Pole. Peltier, a 1964 graduate of Bart River-Harris High School, enlisted in June of that year and went to San Diego, Cal. for his basic training. At Quonset Point he received training in operation of the big caterpillars to be used in Operation Deep Freeze.

Partridges Are Down In Cycle

By KENNETH S. LOWE

Upper Peninsula partridge hunters who went afield during the first two weeks of the ruffed grouse season learned the hard way what Michigan Conservation Department biologists had said before the season opened—there are fewer "pats" this year.

Almost every hunter I have talked with reported seeing fewer birds this year than last. It's true that hunting conditions have been far from favorable so far. The season has been marked by frequent days of unseasonably warm temperatures and high winds, and foliage has been unusually heavy for this late date.

Even so, many hunters were not even flushing birds in cover where they had found them in other years.

This despite the fact that nesting season last spring was reported very favorable here for bringing off large broods.

Ralph Bailey of Marquette, regional game biologist for the Conservation Department, blames the "cycle," the mysterious 10-year ebb and flow of game populations that seems to occur regardless of feed,

cover and weather conditions.

"It's the only thing we can pin it on," he says. "This is the time of the cycle when we would expect a low."

There were exceptions to the general situation. Bailey said reports of pretty good grouse numbers had come from the east side of Lake Gogebic and, surprisingly, from Keweenaw County. For the most part, he says, grouse numbers appear to be higher in the eastern end of the U.P. than in the west.

And there was the case of a Marquette man and his wife who put up 16 pats in an afternoon of hunting in Marquette and Alger Counties and bagged seven of them.

In contrast to ruffed grouse hunting, sharp-tailed grouse shooting was generally better than expected in Marquette, Alger and Schoolcraft counties, although this has by no means been a record year.

Woodcock, as usual, were plentiful throughout most of the U.P.

And snowshoe rabbits were described as quite abundant. Duck hunting on the opening day last week was better in the eastern U.P. than last year and about average on the Portage

Deltans To Get Job Skill Card

MARQUETTE — Graduation ceremonies for 71 persons trained for jobs under a federal program at Northern Michigan University's Area Training Center will be held Thursday.

Certificates of completion will be awarded to 36 welders who are completing 20 weeks of training and 35 stenographers who are completing a twenty-four week program. All but two of the graduates are from the Upper Peninsula.

The graduation program will be held at 6:30 p.m. in the University Center.

Receiving welding certificates will be: William Johnson, 218 S. 9th St., and Donald Rushford, 415 1st Ave. S., Escanaba; Clayton Livermore, Germfask; Gary Derouin, Schaffer; George Livermore, Shingleton and Elroy Ecklid, Skandia.

Receiving stenographer certificates will be: Marilyn Tebear, 117 1st Ave. N., Escanaba; Lois Stone, 521 Wisconsin Ave., Gladstone; Polly Kauffman, Engadine; Mabel Zellar, Germfask; Darlene D'Angelo, Gwin; Carolyn Taylor, McMillan; Linda Bergman, Newberry; Kathryn Gill, St. Ignace.

Ike To Star On Educational TV

MARQUETTE—An interview with General Dwight D. Eisenhower will be the program in this week's "The Struggle for Peace" series being presented weekly on Northern Michigan University's education television network, WNMR-TV, at 8 tonight.

At 8 p.m. Wednesday, the first of a half-hour program series entitled, "Your Dollar's Worth," will focus on "The Calorie Counters: Diet Foods and Pills."

At 8:30 p.m. Wednesday, "In My Opinion" which will feature Congressman Howard W. Smith, (D-Virginia) who lost his bid for reelection.

Embargo Mail

WASHINGTON (AP) — The Post Office Department has placed an embargo on all mail and money orders destined for a Brazilian firm offering to sell guns and jeeps because of advertising claims which the department called unrealistic. The advertising material was sent to residents of 11 U.S. cities, including Detroit.

Train Troopers

EAST LANSING (AP) — Five weeks of advanced trooper training starts today for 38 State Police officers from 27 posts. Another 37 troopers completed their advanced training today.

Which came first?

The Volkswagen engine came first. Then the car was designed to go in front. (To hear our engineers tell it, the big reason for the car is to carry the engine around.) While that's a slight exaggeration, we did know all about the engine before we knew anything about the car.

We knew it would go in the back because you get better traction that way.

We knew it would be air-cooled so it wouldn't ever need water or anti-freeze.

We knew it would use pitifully little gas and need precious few repairs.

As you know, we're still at it: we try to make the whole VW better and better every year.

But the engine is still our pride and joy.

We machine parts to ridiculous tolerances. We assemble every engine by hand. And we run each one twice (and adjust it twice) before we let it go.

(This year, there's an extra bonus: about 25% more power. But the size is the same and so is the economy.)

All too often, car engines are stuffed in wherever there's room up front.

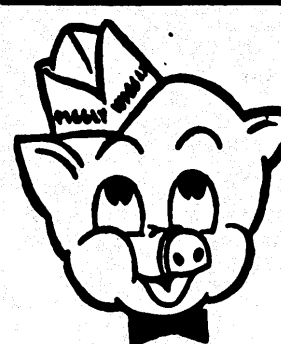

But we put first things last.

Births

A daughter weighing 6 pounds 11 ounces was born Oct. 13 at K. I. Sawyer AFB base hospital to Capt. and Mrs. John B. Stevens. Mrs. Stevens is the former Cerona Christensen. The child, named Brooke Lynn, is a first grandchild of Mr. and Mrs. Clifford Christensen. The Stevens reside at 502 Hustler, K. I. Sawyer AFB.

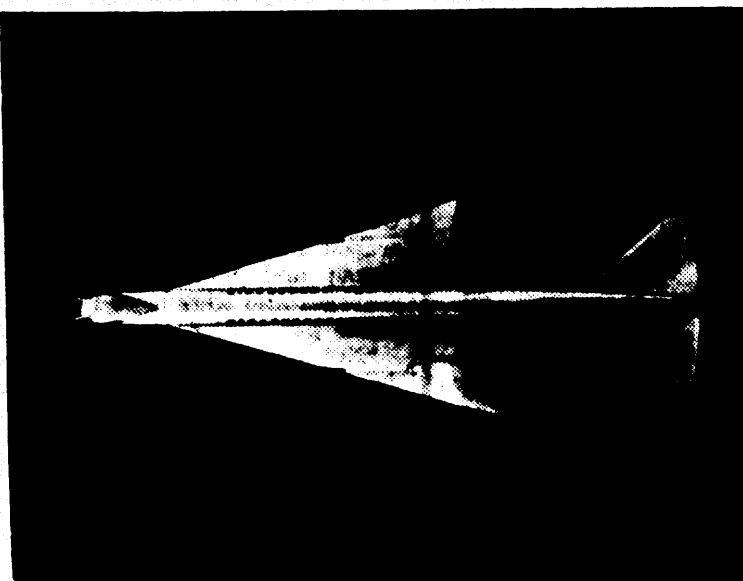

Burglar Lunches As Firemen Sleep

DETROIT (AP)—Down at the Montcalm Street firehouse, they admire a burglar for his nerve. He made off with a jacket, electric razor and a \$20 pair of shoes while 10 firefighters snoozed nearby. And he stayed long enough to eat a chicken drumstick from the firehouse kitchen.

Police Promoted

EAST LANSING (AP)—State Police have promoted Detective Robert E. Ruohonen to detective sergeant and Trooper William M. Ferguson to detective, both in the Fire Marshal Division. Ruohonen will transfer from Detroit to Paw Paw Sunday and Ferguson will move from Battle Creek to Detroit. Troopers Howard L. Moak of Bad Axe and William W. Scott of Newaygo will move to the new post at Hart.

Major Hooples Dream Is Reality

Major Hoople's invention was funny and fantastic 28 years ago, when he first suggested it in "Our Boarding House." But today it is aeronautical reality. On June 28, 1938, Major Amos Barnaby Hoople, star of this comic, distributed by Newspaper Enterprise Association and which appears daily in the Escanaba Daily Press, brought out one of his many inventions—a folding-wing, supersonic plane.

In recent months two major aircraft manufacturers, Boeing and Lockheed, have announced plans for supersonic planes involving the principles set forth by Major Hoople. A folding-wing plane, which provides variable wing surface for lift at various speeds, coincides with the principle proposed by Major Hoople. "As the plane gains speed," he pointed out, "it can retain its buoyancy, or lift, with less wing surface—so by folding the wings within themselves, thus, we reduce resistance, giving more power for speed—haw! Fancy traveling 2,000 miles an hour! My word!" Of course the Major's invention does not duplicate the modern version exactly. Major Hoople did not have jet power. But his plane, he said, would go 2,000 miles an hour. The proposed supersonic jets will hit 1,800.

Spanish-American Group Claims To Own Forest Land

ALBUQUERQUE, N.M. (AP)—A band of 350 Spanish-Americans has laid claim to 500,000 acres of federal land in northern New Mexico.

The members of the Federal Alliance of Land Grants established a community, camping out in the Carson National Forest near Abiquiu. The alliance says the federal government has refused since 1848 to recognize their ownership of the land.

Don Seaman, supervisor of Carson National Forest, said he would meet in Albuquerque today with William D. Hurst, Southwest regional forester, and the U.S. Forest Service's general counsel to determine what might be done.

Alliance President Retes Lopez Tijerina said the community had a mayor and had passed an ordinance forbidding Forest Service personnel to trespass.

Thirty armed men remained at the scene to protect the alliance's claim, Tijerina said. The others left for their homes after a weekend stay.

He said the alliance was claiming the old Spanish land grant town of San Joaquin del Rio de Chama, established Aug. 1, 1806 by Don Carlos IV, king of Spain.

The judicial powers of the town still are alive under the 1848 treaty of Guadalupe-Hidalgo between the United States and Mexico and the alliance is reviving these powers, Tijerina said.

Seaman said the Forest Service's view was that the alliance members are "just visitors to the national forest which always has been open to the public."

George Pratt Joins Soo News

SAULT STE. MARIE—Stanley R. Pratt, general manager and president of the Sault Ste. Marie Evening News, announces appointment of George O. Pratt to the News staff. Pratt also was elected a director and treasurer of the Sault News Printing Co., publishers of the News.

Herb Levin was appointed managing editor of the newspaper in addition to his position of assistant general manager for production. He will handle the duties of Stanley Pratt, who has taken a temporary leave of absence.

George Pratt has for four years been associated with Booth Newspapers, during the past three with the Kalamazoo Gazette. He is a 1962 graduate of the University of Michigan.

In his new job he will manage the newspaper's classified and circulation departments and coordinate promotion activities. He will also be an assistant to the publisher, George A. Osborn.

Rowboat Puffin Is Found Empty

HALIFAX, N.S. (AP)—A Canadian destroyer escort has found the rowboat Puffin about 600 miles southeast of Newfoundland, but the two British journalists who set out in it to row across the Atlantic are missing, the air-sea rescue center reported today.

Aboard was a log book with a final entry dated Sept. 2—the day before winds from Hurricane Faith swept into the area. The entry spoke of winds.

The Puffin carried a life raft, but there was no immediate report from the destroyer escort Chaudiere whether it was among items still intact aboard the little craft.

Gen. George Armstrong Custer is buried at the U. S. Military Academy at West Point.

MEL & ELMER'S

You don't believe a 6 can act anything like an 8?

With our new Overhead Cam Six you'd better believe it.

A few short years ago automotive engineers were struggling to coax 165 hp out of a four barrel V-8 using premium gas. Remember? Our single barrel OHC 6 gets 165 hp on regular. And 215 from the premium gas four barrel option.

Most American sixes (and some underprivileged V-8s) don't even come close. Expensive European sports machines do. But they're overhead cams, too. In fact, they inspired us. But we like to think ours is better.

Our OHC 6 is standard on all Tempests and Le Mans. To say nothing of new styling, new interiors, new colors, new options (like that hood-mounted tach) and new standard safety features (like passenger-guard door locks, General Motors' new energy absorbing steering column and a four-way hazard warning flasher).

We've said enough. If a test drive won't convince you, nothing will.

Dog Hears 10 Times Better Than A Man

By HAL BOYLE
NEW YORK (AP) — Things a columnist might never know if he didn't open his mail: Dogs can smell up to 40 times as well as people and hear up to 10 times better than man. Mosquitoes seem to find you wherever you go, but actually most of these insect pests don't

travel more than two or three blocks during their brief life time.

One reason it's so expensive to be psychoanalyzed is that the average specialist treats only 10 patients a year.

A statistician has figured that a man with a good appetite and a long life can consume 30,000 eggs, 6,000 loaves of bread, 9,000 pounds of potatoes, 8,000 pounds of beef, 15 pigs and five calves. Quotable notables: "Fear of self is the greatest of all terrors, the deepest of all dread, the commonest of all mistakes" — David Seabury.

Wing Amputated

FORT COLLINS, Colo. (AP) — Canus, the whooping crane, flew to a Maryland wildlife preserve recently, but went by plane.

The whooper is one of only about 50 left in the world. Recently, a wing was amputated at a U.S. Wildlife Service station near here following an accident.

The bird was placed in the cargo hold of an airliner and sent to the endangered species station the service operates at Laurel, Md.

A poll by Catholic Digest found religion more important to old than to young people, to women than to men, and to non-whites than to whites.

Household hint: Leather chairs will retain their gloss better if washed with milk instead of soap and water.

Ever try massaging your bald head to try and grow a new crop of hair? Well, Julius Caesar tried that same remedy about 2,000 years ago — and it worked for him about as well as it probably did for you.

For insomniacs, they now sell pajamas with heavy weights in the sleeves and legs of the trousers. The idea is that after twisting and turning empty-ump times, you'll fall asleep from sheer exhaustion.

Asked once what weapons would be used in the event of a third world war, Albert Einstein said that because of rapid scientific developments he couldn't be sure, then added: "But I can tell you what they'll use in the fourth world war. They'll use rocks."

Worth remembering: "If you look back too much, you will soon be heading that way."

Folklore: A girl who marries in a yellow dress is secretly ashamed of her bridegroom. It is a sign of impending death when a broom falls to the floor. Riding a black horse brings good luck. If you get a nose-bleed, it's an indication you are lovesick.

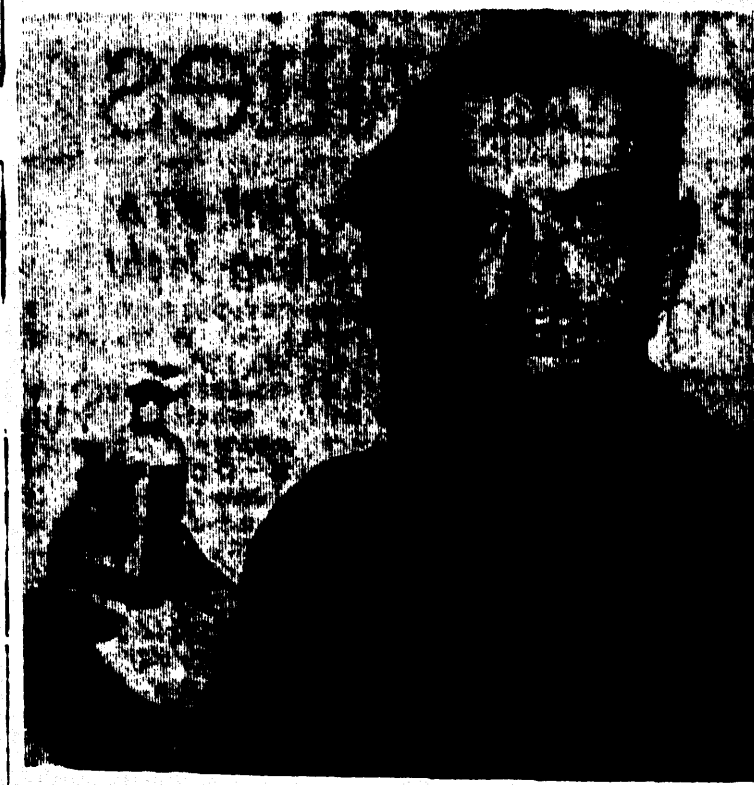

Litton To Buy Wilson Ship Line

BEVERLY HILLS, Calif. (AP) — Litton Industries Inc., of Beverly Hills, has reached preliminary agreement with Wilson Marine Transportation Co. of Cleveland to purchase Wilson's Great Lakes shipping business.

John B. Cogan, Litton vice president, did not give the prices of the transaction or state the volume of Wilson's business on the Great Lakes. But Cogan did say he believed more than \$30 million is involved in the exchange.

Cogan said Litton plans to add to the Wilson fleet and is considering building a shipyard on the Great Lakes.

The purchase requires approval of Wilson, directors of both firms and Wilson's customers.

THIS LITTLE BOTTLE contains a rare 1930's vintage moonshine liquor, says its finder, Melton Lynch of Wells. Lynch discovered the bottle and its contents along the bank of the Escanaba River near the approach to the unused lower bridge at Wells and turned it over to the Delta County Historical Museum. (Daily Press Photo)

Convert your home or business to economical Natural Gas heat today and pay nothing until May, 1967.

Convert now to Gas heat and Michigan Consolidated Gas Company will buy your unused oil or coal—even remove your oil tank—all at no cost to you. What's more, whether you convert your present furnace or even install a new Gas furnace, we'll pay the bill. And all you pay us, between now and next May, is for the Gas you'll use to make this your most comfortable winter over. Here's how this special limited-time offer works:

1. If you're now heating with oil, we'll buy what's left in your storage tank—at the price you paid for it. What's more, we'll remove your tank from your home or business and even haul it away if you want. All at no cost to you.
2. If you're now heating with coal, we'll take what coal you have on hand off your hands. And pay you what ever it cost you originally.
3. Whether you convert your present furnace or even install a new Gas furnace, we'll pay for it and its installation by a Gas Company approved heating contractor, and it won't cost you a penny until next May. You can pay for the unit and its installation in May, 1967, with no carrying charge whatsoever.

Or if you prefer, you can make equal monthly payments, including carrying charges, on your Gas bill, over a period of up to three years after May, 1967. Either way, there are no carrying charges between now and next May, and you need make no payments between now and next May. If you live in the areas we serve in the counties listed below, you're entitled to take advantage of this special limited-time offer. So act now. Call your Michigan Consolidated Gas Company office today for the name of a Gas Company approved heating contractor and all details. The Gas Company number is 774-3330 in Iron Mountain.

Women's Activities

Escanaba B.&P.W. Club Salutes L. Dougherty

National Business Women's Week is being observed in Michigan from October 16 to 23 by proclamation of Governor Romney. Originally conceived by Business and Professional Women's Clubs in 1926, its purpose is to honor and make known to the public the achievements of business and professional women everywhere and to publicize the objectives and programs of the National Federation of BPW Clubs.

From its beginning in 1919, Business and Professional Women's Clubs have grown to a national membership of over 177,000 and, in addition, has clubs located in 27 countries throughout the world. The Michigan Federation of BPW, with over 5,600 members, is honored this year to have one of its members serving as national federation treasurer. Of interest too is that an Appleton, Wis. woman, Mabel McClanahan, is national president-elect and will assume office in July 1967. Business and Professional Women's Clubs are active in promoting legislation to benefit all working women and works continuously to elevate their standards and increase their opportunities.

In observance of National Business Women's Week, Escanaba Business and Professional Women's Club will salute some of its members who have made careers in the business and professional world. It takes great pride in having as a member a woman who has become well known in Escanaba in a short time and who is devoting her life to speech therapy. Our salute today goes to Leona T. Dougherty.

Miss Dougherty, who was born in Escanaba, is the daughter of Everett M. and Minnie Kinnie Dougherty. In 1912, her father established Dougherty's Home Furnishings which was located at the corner of Ludington and S. 14th Sts. and his picture is among those on display at the Delta Historical Museum. Her mother was active in Eastern Star and at one time held the office of Most Excellent Chief of Pythian Sisters.

In her early years, Miss Dougherty attended Franklin School in Escanaba and later studied at the University of Wisconsin in Milwaukee, Marquette University, the University of Chicago and the University of Colorado. She obtained her Master's Degree at Marquette University in Milwaukee. A speech pathologist, she has permanent certification from the State of Michigan for speech therapy, and is certified by the American Speech and Hearing Association in speech pathology.

A teacher for 30 years, Miss Dougherty has been teaching at Bay de Noc College for two years and also conducts a therapy program for speech improvement at the Gladstone Public Schools. Dedicated to her work, she hopes to interest

Miss Leona Dougherty

more young people in the field of speech correction and is gratified that one of her former students is now studying speech therapy at Northern Michigan University.

With a busy schedule, Miss Dougherty does not have much time for other activities but she enjoys music and plays the organ. She is an ardent fisherman and pursues this sport whenever possible, even using a free hour between teaching duties and a BPW meeting to fish successfully off the Municipal Dock. She is a member of All Saints Church, Kappa Delta Pi (an honorary scholastic sorority), Escanaba Better Hearing and Speech Society and Escanaba Business and Professional Women's Club. She resides in Gladstone with her mother who was also a member of a BPW Club in Milwaukee, Wis.

St. Thomas HS Meets Tuesday

St. Thomas Home and School Association will meet Tuesday at 8 p.m. in the school hall. Fathers Peter and Paul Brien, Mary Knoll Missionaries from Taiwan will present a slide lecture following the meeting. All members of the parish are invited to attend and lunch and refreshments will be served following the program.

Lewis, Christie Top Bridge Play

Mrs. Rose Lewis and Mrs. Mae Christie of Gladstone teamed to win the regular duplicate bridge play Saturday of the Elks Duplicate Bridge League. Other pairs over 50 per cent were: 2, Mr. and Mrs. Robert Pearson Sr.; 3, Mr. and Mrs. Al Taylor; 4, Carroll Douck and Clarence Kallenberg; 5, Mr. and Mrs. Lou Gregory; 6, Mr. and Mrs. Kibby Treiber; 7, (tie), Mrs. Florence Jaeger and Mrs. Burkenmeier, and Mr. and Mrs. Fred Swank.

Soo Hill PTA Meeting Held

Room visitation preceded the Thursday, Oct. 14 meeting of the Soo Hill PTA.

Mrs. John Anderson, program chairman, introduced Robert Meyers, member of the School Centennial Committee, who gave an interesting resume of the first hundred years of the Escanaba public schools and also showed slides.

President, Mrs. Keith Mattson and treasurer, Mrs. Marvin Anderson, spoke briefly of the PTA workshop held at K. I. Sawyer AFB on Oct. 4. Mrs. Carl Mattson, chairman of Budget and Finance, presented the basic budget for the school year.

Principal Floyd Cassidy showed slides of various school activities which were taken with the new camera the PTA purchased last year.

Richard Shilney's fifth grade won the room count award.

Lunch was served by fifth grade mothers, Mrs. Gordon LeClair, chairman, with Mrs. Stanley Johnson, Mrs. Hubert Irving and Mrs. Florence Peterson, assisting.

Holy Family Altar Society

The Holy Family Altar Society of the Holy Family Church of Flat Rock was held Wednesday evening with Mrs. John McGillis, vice-president, presiding.

It was decided that the smorgasbord which was to be held in October be postponed until later.

Due to president Mrs. Gerald Carignan moving to Escanaba and the vice-president not being able to take over, a new president will be elected at the next meeting.

Lunch was served and games were played with Mrs. Ed Solis, chairman. Winners were Mrs. John LaPalm, Mrs. George Julien, Mrs. Melven Luft and Mrs. Robert MaKosky. Guest prize was won by Mrs. Irene Beauchamp.

Last Day For Reservations

Today is the last day to make reservations for the Escanaba Woman's Club dessert card party to be held Wednesday at 1 p.m. at the Highland Golf Club.

Reservations may be made by calling Mrs. Gerald Riedel, 786-2896 or Mrs. James Legault, 786-1340.

Senior Citizens Social Club

The Senior Citizens Social Club will meet Tuesday at 7:30 p.m. at Club 314. New members are welcome and persons attending are asked to bring a cup and teaspoon.

St. Anthony's Guild To Meet

An interesting program is in store for the members of St. Anthony's Guild of Wells when they meet on Tuesday at 8 p.m. in the church hall.

Slides depicting mission churches of the Southwest will be shown with commentary by Rev. Frank Ignatz of the Bishop Noa Home.

The evening activities will begin with rosary services at 7:30 p.m. in the church followed by the meeting and entertainment.

Mrs. John Collins and Mrs. Eugene Ecklund are chairman for the evening. A large attendance is desired as plans for the Christmas Fair to be held early in December will be discussed.

Calvary Baptist Enters Contest

The Calvary Baptist Church is engaged in an attendance contest with the Northwest Baptist Church of Denver, Col. During this contest an emphasis is made on Sunday School enlargement. The contest is under the direction of Eugene Slagstad, Superintendent of the Bible School. If the church wins the contest, they will receive a slide projector that will be used in the visual aid department of the school.

Personals

Relative returning home after attending the funeral of Joseph P. Vachon were: Mr. and Mrs. Edward Vachon & son of Grand Rapids; Mrs. Lydia Thome and Mr. and Mrs. James Elford of Flint; Mrs. John A. Treanor of Beaver, Oregon; Robert Stacey, Whittier, Calif.; and Mr. and Mrs. Elmer Stacey and children of Kenosha, Wis.

Leper Colony An Oasis Untouched By Viet War

QUI HOA, South Viet Nam (AP) — It is a story-book village. Immaculate cottages made of multicolored tiles, sparkling like rock candy, line palm-shaded streets.

This is Qui Hoa, a village of 900 beside the China Sea 265

miles northeast of Saigon. The war that has raged through Viet Nam 20 years has left Qui Hoa completely untouched — perhaps because the Viet Cong consider the inhabitants untouchables.

They are all lepers. At an outpost overlooking the valley where the Qui Hoa leprosy is located, three soldiers of Korea's Tiger Division check all vehicles. Once through the checkpoint, the war falls behind.

A smiling Vietnamese patient opens the gate into the leprosy and then pedals away on his bicycle to find one of the 11 Franciscan sisters who run Qui Hoa.

The leprosy was founded in 1929 by a French missionary of the Roman Catholic Church, the Rev. Paul Maheu. Three years later, sisters of the Franciscan Missionaries of Mary arrived to continue the work.

When Mother Superior Marie Charles Antoine came to Qui Hoa in 1955, the leprosy consisted of a chapel, a few huts and a small hospital. There are now 250 modern cottages — built by the patients, costing about \$500 each — a beautiful chapel, modern hospital, outdoor theater and various shops. The Mother Superior designed the buildings "because we could never afford an architect," one sister said.

Nine of the sisters, who are French, Vietnamese and English, work in the hospital-dispensary. A doctor from the Vietnamese military hospital in Qui Hoa is available at any hour.

American troops arrived in Qui Hoa more than a year ago and their presence has had an impact on nearby Qui Hoa. Their donations have provided building materials for 15 cottages, each marked with a tile plaque. An example:

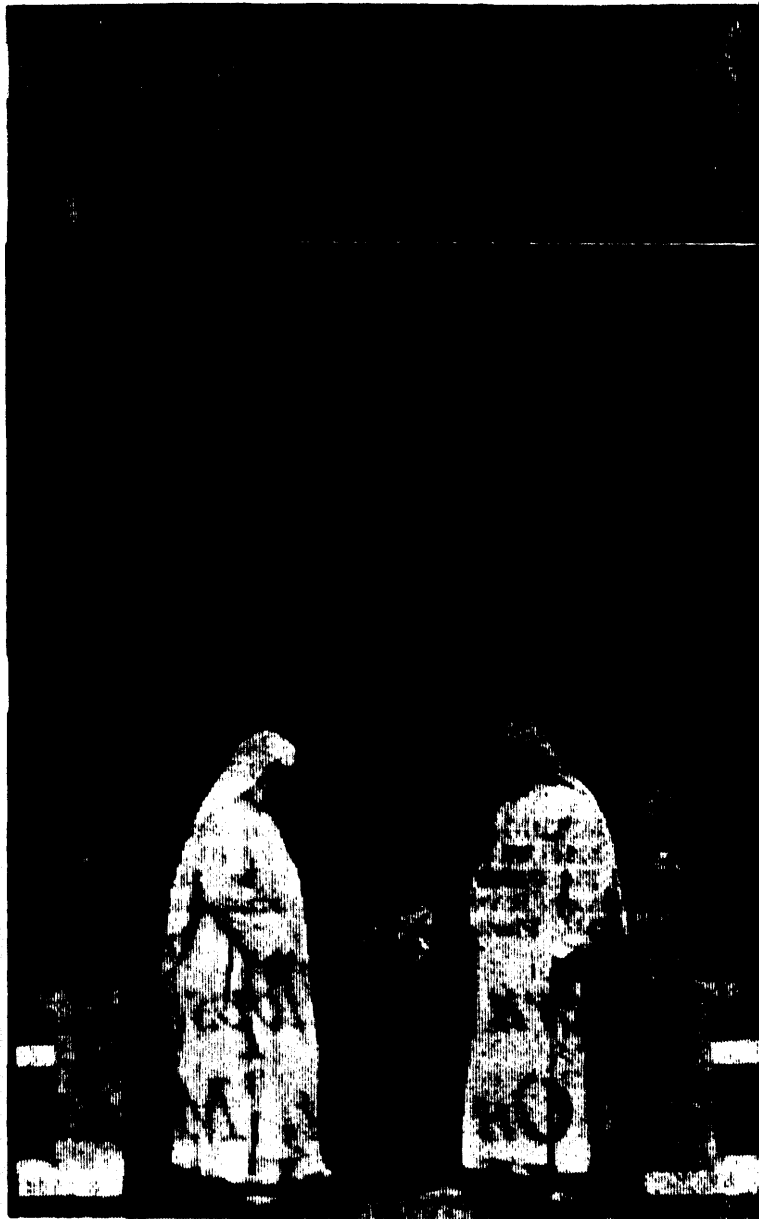

"In memory of Lt. Joseph D. Pellegrino who died in action May 17, 1966. Fifth Special Forces Group, Airborne."

Will Ask Aid

KUALA LUMPUR, Malaysia (AP) — Prime Minister Abdul Rahman said today he will ask President Johnson to aid Indonesia when Johnson visits Malaysia Oct. 30-31.

"It is no use just saying thank God Indonesia has escaped from the grips of communism," Rahman told his weekly news conference.

"We must now try and rehabilitate her."

FRANCISCAN sisters Marie Ozith, left, and Marie de Notre Dame du Carmel chat with Vietnamese youngster in front of his cottage in the leper colony Qui Hoa, about 265 miles northeast of Saigon. Funds for the cottage, amounting to \$500, were donated by U.S. troops stationed nearby as a memorial to Special Forces Lt. Joseph D. Pellegrino who was killed in action last May 17. Except for such donations the war has left the village of 900 untouched. (AP Wirephoto)

Rockefeller Is Showing Gains

NEW YORK (AP) — The crowds are sizeable and on the whole friendly. Their questions to him are often searching but seldom hostile. The polls are pointing upward, his aides say.

All of which indicates that Nelson A. Rockefeller, 58, is making a comeback in his bid for a third term as governor of New York — after having frankly acknowledged "my biggest blunder" and seeing his political stock plunge to an all time low.

Rockefeller says he is still the underdog in the race against his Democratic rival, Frank D. O'Connor. He adds, "It's a tough fight, but we're moving now."

Along his campaign trail — A woman in lower Manhattan reaches into his car, grips his hand and says, "You're the greatest, Rocky."

A labor union official informs Rockefeller that the union is endorsing him and says, "Your record of accomplishment merits — no, demands — that we take this action." At this stage, 27 unions with a membership of about 800,000 have endorsed the governor, probably a record for a GOP candidate in a statewide New York election.

The incidents multiply as Rockefeller, driving hard — and obviously relishing the campaign — battles at the roadblocks on the way to another four-year term in Albany, the state capital.

Average Guy? Here You Are

ANN ARBOR (AP) — You think you're an average guy, eh?

Well, the University of Michigan has the goods on you.

A survey of 2,122 persons across the country, the school's Institute of Social Research says, has uncovered the genuine average Joe.

Look at Joe:

—He actually works eight hours a day — disbelieving bosses notwithstanding — and spends another 45 minutes on work breaks.

—He gets to the office in 20 minutes if he drives a car; make it 40 by bus or subway.

—He spends 15 minutes a day fixing things around the house and 10 minutes a day helping his wife in housework (isn't he handy?).

—He spends 60 minutes a day primping, 30 minutes resting, 150 minutes watching television, and 33 minutes pursuing hobbies, and 7.6 hours just plain, old sleeping.

—Religious activities get an average of 10 minutes of his time each day.

—The other three hours are free time.

WANT ADS
ON TARGET EVERY TIME

We stand on our heads, tie ourselves in knots, bend over backwards to please you!

Ask an Installer to put your phone in an unusual location. He'll put it there.

Ask a Service Representative to explain one of our new special calling plans. She'll explain it clearly and thoroughly.

Ask the Operator to help you locate a hard-to-find number. She'll find it if it's possible.

Well—that's the way we'd like it to be! But frankly, once in a while we goof! We're making a big effort to keep up with the rapidly increasing demand for telephone service in Michigan. Business, industry and population are growing almost faster than we can supply them with service. So perhaps you can understand why the occasional slip-up.

But if we do goof, please tell us. That way we'll do better next time.

\$100 Million for Growth and Improvement That's how much Michigan Bell will spend this year to meet the surging demand for telephone service. It's the largest construction program in the company's history—\$45 million more than last year. The result will be telephone service that's even more dependable, convenient and valuable—for you.

Eskymos Bow, 38-6, To Roused Marines

By RAY CRANDALL
(Daily Press Sports Editor)

The Escanaba Eskymos took their lumps in large doses from the Marinette Marines in a water logged Homecoming game here Saturday, bowing 38-6 before a wet and shivering audience at the EHS stadium.

The setback knocked the Eskymos from their three game victory string and evened their season record at 3-3. The tri-

BAND PERFORMS
Director John Chown's Eskymos marching band staged an impressive halftime performance in spite of the adverse weather conditions which included a driving rain and freezing wind.

umph was the first for the Marines who had previously tied two foes and lost three starts against rugged Wisconsin prep competition.

Marinette must certainly have been the best all-losing

team ever to play on the Eskymo gridiron. The Marines were big, tough, fast and fierce. They ripped the Eskymo with five touchdown bombs for the lopsided triumph.

Although the score does not indicate it, the Eskymos turned in one of their better games offensively. It was on defense that the Escanaba team suffered an unexpected collapse.

The Escanaba touchdown came late in the game with quarterback Jim Boyle capping a 63 yard drive, covering 12 plays, by punching over from the one yard line. The drive represented Escanaba's lone serious scoring threat in the second half.

In the first half, however, the Eskymos lanced inside Marinette's 30 yard line four times before surrendering the ball on downs. They got to the 28, 16, 25 and 27 but ran out of gas each time.

Statistics give the Eskymos 129 yards on the ground and 130 in the air. Sophomore half-back Dan Mylander led Escanaba's ground attack with 40

yards in 13 trips while Boyle contributed 29, Jim Olson 25, Bryan Bender 19 and Paul Miller 16.

Boyle completed eight of 27 passes for the 130 serial yardage but was the victim of some shaky receivers who dropped several passes that were directly on target. At least three of them were labeled touchdowns.

Marinette slammed for 254 yards on the ground and quarterback Tom Bartkowiak threaded the needle on six of 12 passes for 180 yards and two touchdowns.

The Marines denied the Eskymo goal line once in the first quarter, twice in each of the second and third frames and closed the scoring with a final TD late in the final period.

Five of the Marinette touchdowns were long distance bombs, following a one yard bolt through the yard by fullback Jim Chevrete midway through the first quarter.

Halfback Rick Schoener, the leading ground gainer in the game with 118 yards in six carries, reeled off a 51 yard jaunt after cracking over his right tackle spot. Bartkowiak kicked the first of his two conversions and Marinette led, 13-0, on the third play of the second period.

After the Eskymos had slugged it out to the Marinette 16 midway in the quarter, Schoener cracked off 54 yards over the same spot and it was 19-0 at halftime.

Dan Miller tallied Marinette's fourth touchdown on a 19 yard sprint and Bartkowiak hooked up with Schoener on a 66 yard touchdown pass late in the third frame.

Bartkowiak fired his second TD pass late in the game, hitting Fred Refling on a 48 yarder.

The Eskymos will return to Great Northern Conference competition Saturday with a road game at Iron Mountain.

The Eskymo Jayvee team scored a 19-18 decision over the Marinette junior varsity squad in a Saturday morning game.

Michigan came driving back, with Fisher gaining 31 yards to the Purdue 27 with a pitchout. But Purdue stiffened and it was fourth and nine and the last key play when El-Bott sent a pass to try for a field goal. He missed by 10 yards.

"I really can't give you a sound reason why I decided to go for the field goal," said El-Bott.

George Blanda Leads Oilers To Victory Over NY Jets

By The Associated Press

George Blanda happened to the previously undefeated New York Jets, but look what happened to the hopeful Kansas City Chiefs — Hewitt Dixon.

Blanda threw two touchdown passes and kicked a field goal Sunday as Houston coasted to a 24-0 victory over New York, the last undefeated team in the American Football League. The loss prevented the Jets from taking a commanding 2½-game lead in the Eastern Division.

Then there were the Chiefs, who had thoughts of beating Oakland and grabbing sole possession of first place in the Western Division. But they ran into Dixon—or to be more exact, Dixon ran through them—and wound up on the wrong end of a 34-13 score.

The previously unheralded Dixon scored three touchdowns

in the Raiders' 25-point second quarter, combining with Tom Flores on pass plays of 76 and 10 yards and sweeping one yard for the third score.

Switched from tight end to fullback after the Raiders acquired him from Denver for

Nicklaus Earns Sahara Money

LAS VEGAS, Nev. (AP) — Jack Nicklaus is \$20,000 richer as the winner of the \$100,000 Sahara Invitational Golf Tournament.

Blasting his way to a five-under-par 66 Saturday, Nicklaus won by three strokes with a 72-hole total of 282.

Arnold Palmer and Miller Barber tied for second place at 285, to take home \$3,500 each.

linebacker Arch Matsos last January, the 25-year-old Dixon had seen little action in Oakland's first five games.

"I made up my mind earlier in the week," Coach John Rauch said, "to give Dixon considerable offensive work. Then before the game he came up to me and told me he had had four good games in this ball park—he owned the place—so I knew I was right in deciding to use him."

Dixon, a 1962 graduate of Florida A&M who now lives in Alachua, Fla., dramatically reassured that ownership.

With 6:03 remaining in the first half and Oakland leading by only 7-6, Dixon stormed past blitzing linebacker Bobby Bell, snared the pass from Flores andaced the rest of the 76 yards for a touchdown.

In other games, Buffalo tied

San Diego 17-17 and Miami won its first game by downing Denver 24-7.

The Raiders' victory dropped the Chiefs one-half game behind San Diego in the West while Houston's victory cut New York's lead in the east to 1½ games.

The Oilers' performance was far different from the one they put on in New York four weeks before when they lost 52-13. Blanda kicked an eight-yard field goal, then hit Sid Blanks with a 2-yard touchdown pass and Charley Hennigan with a four-yard scoring toss. The Oilers intercepted four Joe Namath passes.

San Diego grabbed a 17-3 halftime lead over Buffalo, but Darle Lamonica hit Bobby Brunett with a three-yard touchdown pass in the third quarter and sneaked one yard for the ty-

ing score in the fourth. The Bills lost a chance to win it when Booth Lusteg's 23-yard field goal try failed with six seconds left in the game.

Miami finally won after losing five times, taking the lead in the first quarter on George Wilson's 67-yard touchdown aerial to Billy Joe and never relinquishing it. Joe Auer ran for two touchdowns in the second half for the Dolphins.

Fourth Downs Kill Michigan Gridders In Purdue Contest

ANN ARBOR (AP) — Football, they say, is a game of third downs, but three of the four key plays that led to Michigan's defeat by Purdue Saturday came on fourth downs.

The Bollermakers knocked off the Wolverines 22-21 to enhance their own Rose Bowl chances and just about knock Michigan out of any chance at the Pasadena extravaganza.

Michigan outgained the Bollermakers on the ground, 222 yards to 178, and outpassed them as Dick Vidmer completed 13 of 19 for 206 yards and no interceptions.

The Wolverines shut off Bob Griese with seven completions in 17 tries for 63 yards. The Michigan secondary picked off two Griese passes.

But four plays made the difference as Wolverines mistakes gave Purdue the victory.

Michigan drove 80 yards in 12 plays early in the third period. Carl Ward, Jim Detwiler and Dave Fisher hammered the Purdue line. Detwiler scored on a one-yard dive and Rick Sygar kicked the extra point to make it Michigan 21, Purdue 14.

Purdue couldn't move on fourth down and Griese punted.

The ball rolled toward the Michigan goal with Rick Sygar in pursuit. As it rolled across the goal line, Sygar picked it up and ran into the end zone. John Charles nailed him for a two-point safety.

Others said Sygar apparently thought the ball ticked him and it was better to pick it up than

risk a Purdue touchdown.

Sygar dressed quickly and left the dressing room without talking to newsmen.

Purdue couldn't move after the free kick and Griese punted. Michigan couldn't move and it brought up the second of the key fourth down plays. Stan Kemp went back into the Michigan end zone to punt and Frank Burke broke through and blocked it, caught the falling ball on the one and dived into the end zone for the touchdown. A pass try for two extra points failed, but Purdue led 22-21.

Michigan started a drive from its own 15. With the ball on the Purdue 40, Vidmer hit Ward at about the Purdue 25 and he was pulled down by George Catavolos on the Purdue two. Fisher gained a yard, then Detwiler fumbled and Ward recovered for no gain.

Then came another key play, this one on third down. Vidmer was handing off to Detwiler and the ball rolled loose. Catavolos fell on it on the Purdue nine.

However, Purdue got only to its 29 and had to punt with time running out.

Michigan came driving back, with Fisher gaining 31 yards to the Purdue 27 with a pitchout. But Purdue stiffened and it was fourth and nine and the last key play when El-Bott sent a pass to try for a field goal. He missed by 10 yards.

"I really can't give you a sound reason why I decided to go for the field goal," said El-Bott.

Yes, Raye Can Pass And So Can Kenney

EAST LANSING (AP) — Yes, despite wind and rain and thousands of unbelievers, Jimmy Raye can pass — and so can barefooted place kicker Dick Kenney.

Otherwise, No. 1 ranked Michigan State would have lost its undefeated record Saturday on a shippy Columbus, Ohio, field which ruined the Spartans' favorite wide running plays.

The Spartans came out with an 11-4 victory and the MSU fans in the crowd of 84,382 came out still shaking.

Despite a dogged and tricky defense, Ohio State lost its third game in a row — something no Buckeye team has done since 1943.

"It's psychological," said Raye. "When it rains, the passer is supposed to have a bad day."

So, with MSU behind 8-3 in the last quarter, Raye did what the OSU defense and other doubters weren't figuring on.

He passed — 28 yards to Gene Washington, 14 yards to Al Brenner and 17 yards to Brenner, then, with third and 10 on the OSU 18-yard line, he hit Washington on the two.

Four plays later, Bob Apia smashed over for the winning touchdown on about an eight-inch plunge.

The turning point, said MSU Coach Duffy Daugherty, came on the next play. Kenney came in and lined up — with one shoe off — to kick the extra point. But the ball holder, Charlie Wedemeyer, spotted off to the side and Kenney caught the center snap and passed to Wedemeyer, who scored a two-

point conversion, giving MSU the 11-4 margin.

"That meant a field goal wouldn't win (for Ohio State) and it changed their strategy," said Daugherty. "I think they would have tried to grind it out and, with the wind, (Gary) Cairns could have hit a field goal from midfield."

Instead, OSU quarterback Bill Long tried the long pass. With the Buckeyes on the MSU 35, MSU's Jimmy Summers stole one pass.

OSU regained the ball on a punt and moved to the MSU 32 — but Drake Garrett intercepted Long's next pass. With 26 seconds to go, Garrett swiped another Buckeye pass and MSU answered with its 18th straight victory.

It leads the Big Ten with a 2-0 record going into its battle next Saturday with Purdue, which has a 2-0 conference record and its 4½ over-all, with a loss to Notre Dame, 26-14.

OSU scored first — a safety when Ron Ransert covered the ball over Kenney's head and out of the end zone when MSU was in punt formation in the first quarter.

MSU came back in the third quarter with a 27-yard field goal by Kenney.

Then Kenney made a good save on another high pass from center. Standing on his own two yard line, he knocked the ball down and managed to kick it to the MSU 47.

But on the first play of the fourth quarter, OSU caught the Spartans using some of their backs to rush the passer and Long fired a 47-yard touchdown pass to Billy Anders.

That's when Raye engineered

the 83-yard drive for the winning touchdown.

"The rain doesn't take that much away," he said. "If you just do the things you've been doing all along..."

He shrugged and added: "In the first four games I didn't pass much (average nine tries a game) and they probably figured I wouldn't pass here."

Kenney also shrugged off his two-point conversion pass.

"It just came at the right time," he said. "Nobody expected it."

As for defense: "The best team in the country only beat us by three points," said OSU Coach Woody Hayes. "Those three interceptions killed us."

"Teams continue to have difficulty rushing against us," said Daugherty.

OSU rushed for 39 yards and passed for 144, with long completing 11 of 18 passes. MSU rushed for 98 yards and passed for 121, with Raye hitting six of 16. MSU's rushing average was cut by 31 yards on that high center snap. Raye's passing percentage was hurt by four or five dropped passes.

MSU halfback Dwight Lee was ejected in the first quarter.

"I let the team down," he said. "and I'll make up for it."

Lee added, "The referee said I hit a man with my fist. It was (an open handed) stiff arm on the side of his head. I'd be crazy to hit a man with my fist when he has a helmet on. I'd break a finger."

Next Saturday's game will be a showdown. Besides MSU and Purdue, only Minnesota and Wisconsin are undefeated in the Big Ten. And those two teams have been tied.

Sure traction in hub-deep snow, smooth and quiet on dry pavement!

Gladstone News

Briefly Told

The August Mattson Post 71 and Auxiliary will hold a joint meeting tonight at the legion hall to discuss the mid-winter conference. All members are urged to attend.

Julius Flath of Escanaba Rte. 1 reported on Sunday to State Police that four ducks were killed and 26 ducks and two geese were taken from his private pond. The case is under investigation.

Robert Sirkle of Inkster, Mich., escaped injury at 1 a.m. Saturday when the car he was driving went out of control and overturned on U.S. 241 west of Memory Lane, it is reported by State Police.

John Walbridge of Escanaba reported on Saturday to State Police that his cabin in Escanaba Township had been entered and a canoe, shot gun shells, and other articles are missing. The investigation is continuing.

Gordon Strom, 720 Minneapolis, Gladstone, reported to State Police that a deer jumped into the highway and into the side of his car while he was driving on U.S. 41 about five miles north of Rapid River.

George Lockard, 602 N. 13th St., Gladstone, informed State Police that his warehouse, located a half-mile south of Rapid River, had been broken into and a water pump and numerous truck tires are missing. The report to officers was made on Sunday.

State Police of the Gladstone post, on complaint of a citizen, arrested two Schaffer young men who will be arraigned on charges of reckless driving. They are Thomas LaCasse, 17, who is charged with not having a drivers license, and Allen Hurtbise, 18, no proof of insurance.

Richard Hents, 18, of Cornell, was treated by an Escanaba doctor on Sunday for a wound of his left thumb, which was lacerated by a .22 caliber bullet in a shooting accident at a camp Sunday afternoon. Hents was using the gun, a short model, and his thumb was over the end of the barrel when it discharged.

State Police of the Gladstone post issued traffic summonses over the weekend to Russell L. Nelson, Bark River Rte. 1, speeding; Glen Willis, 1013 Delta Ave., Gladstone, no operator's license; James Hicks, K. I. Sawyer, expired operator's license; Charles Godin, Gladstone Rte. 1, speeding; Roger Lamberg, Milwaukee, speeding; Clayton Gardipee, 722 S. 16th St. Escanaba, driving too fast for conditions; and Edward Manninen, Cornell Rte. 1, failing to yield the right of way and failure to wear glasses as required on his operator's license.

Social

Working Wife's Pay Is Boosted

DETROIT (AP) — On the basis of one statistic, the working wife has been outdoing her working husband.

Her pay lately has gone up faster than her hubby's, Campbell-Ewald Co., an advertising firm, reported today.

The pay boost for mama-though she doesn't earn as much overall—increased by 14 per cent from 1963 to 1965. Friend

husband's increased by only 7 per cent.

For the two prior years hubby got an 8 per cent boost, his wife 7 per cent.

Campbell-Ewald said a survey showed the median income in 1965 for families with working wives was \$8,507 a year. For families with nonworking wives the figure was \$6,592. That compares with respective 1961 figures of \$7,188 and \$5,592.

The number of working wives has increased by 10 per cent since the start of the 1960s business upturn, the survey said.

Stolen Bike Tragedy For Joe College

DETROIT (AP) — A stolen bike — so what?
To Joe Lukaszewicz — friends call him Joe College — it's worse than tragedy. It's prison.

It means Joe can't pedal up and down his familiar ground. Detroit's East Side, selling newspapers.

It means he's confined to his corner newsstand.

Joe is 44. He has severe cerebral palsy; he can't walk without help; he talks only in grunts.

And this sort of imprisonment isn't new to him.

His first bike was stolen last summer.

For three months Joe suffered through its absence.

Then a neighbor, Mrs. Irene Bonkowski, contacted the Cerebral Palsy Association. Mrs. Francis Schilling of the association arranged for a new bike for Joe.

It was chrome and red, a special bike, with a seat and pedals and handlebars fitted specially for Joe and small wheels on each side at the back to keep him from toppling over. It cost \$74.

It came Tuesday.

It was stolen Wednesday.

"It's awful," said Mrs. Schilling. "It's just awful."

"You never heard anybody cry like he did," Mrs. Bonkowski said. "He just stood on the street corner and cried like a baby. He had waited so long for that bike, and then it was stolen."

A stolen bike — so what? Ask Joe College.

Guard Umpires

VACAVILLE, Calif. (AP) — The Vacaville City Council has voted to hire guards to watch the umpires at Little League and Babe Ruth League baseball games next season.

The umpires will be convicted assigned to Vacaville's California Medical Facility.

Heads Society

DETROIT (AP) — Walter J. Davis, an associate of the J. Walter Thompson Co., has been re-elected president of the Detroit Society for Crippled Children and Adults.

Court Summons More Jurors

Prosecuting Attorney Nicholas P. Chapackis and defense attorney Arthur Nieman will begin the task of striking a jury for the trial of Dr. G. H. Bast at 9:30 a.m. Wednesday.

Dr. Bast, Escanaba chiropractor, is charged with three counts of statutory rape.

Circuit Court Judge Bernard H. Davidson of Negaunee opened the October term of court this morning in the Delta County Building. The Bast case and an appeal of a drunk driving conviction from justice court by Albert M. Couillard are the only criminal cases on the calendar.

County Clerk William E. Butler announced names of 36 more jurors who have been ordered to report at 9:30 a.m. Wednesday. Both Chapackis and Nieman indicated it may take some time to choose a jury.

Additional jurors include: Escanaba—Jenette Steinmetz, Robert Dahlin, Roland J. Royer, Yvonne Gardner, Harold Villeneuve, Theresa Scheriff, Nancy Petry, Caroline Holt, Leda Gillespie, Irene Christensen, Joyce Plowman, Sylvia Niles, Alice Bolm and George Petaja.

Gladstone—Mary Wickman, Rufus Karnitz, Lowell R. Stade, Amanda Ryan, Lloyd Olson, Laura Haglund, and Irene Wacghe.

Townships—Irene M. Ohlen, Baldwin; Alida Gasparick, Bark River; Anna Mae Granskog, Bay de Noc; Esther Foster, Brampton; Wilfred Mattson, Cornell; Fern G. Johnson, Ensign; Eugenia Roberts, Escanaba; Ione Collins, Fairbanks; Stanley St. Louis, Ford River; Elmer Haas, Garden; Albert Juneau, Maple Ridge; Waldon Johnson, Masonville; Mable Groleau, Nahma, and LeRoy Teuscher, Wells.

In other action today, the following civil cases were set for jury trial during the term: Walter R. Carlson and Fannie Carlson and Citizens Mutual Insurance Co. vs. Eleanor Anna Kosciak and Frank J. Kos-

Car Rolls Over In Gladstone, Three Injured

Three men were injured, none apparently seriously, at 3:45 a.m. Sunday when the car in which they were riding rolled over in the 1000 block of Lake Shore Dr., Gladstone Police report.

Taken to St. Francis Hospital by ambulance were the driver of the car, James V. Bourdeau, 25, of 619 N. 20th St., Escanaba, and two passengers, John Bourdeau, 28, of 522 N. 19th St., Escanaba, and John Besaw, 30, of 1515 Stephenson Ave., Escanaba.

Hospital officials said James and John Bourdeau were admitted, but both discharged themselves and left.

James Bourdeau was ticketed by Gladstone police for careless driving.

Gladstone police also reported that a horse struck a car on U.S. 2 and 41 at 8:25 p.m. Sunday. Officers said several horses owned by Lawrence Shirk, 402 N. 17th St., were loose in the area of Stema's Cabins and that one animal ran into a car driven by Gerald Hanson, 310 N. 18th St., Escanaba.

Shirk was issued a summons for allowing the animals to run free.

Release Bison

GALLUP, N.M. (AP) — Ten bison — five bulls and five cows — have been released near Gallup in the heart of New Mexico's Indian country.

The animals were brought from Montana. New Mexico Game and Fish Department officials said it is hoped the animals will start building a herd large enough for hunting.

DELTA UNITED SERVICES campaigners, from left, John Moore, assistant chairman; William Winkler Sr., secretary; Robert Barron, chairman, and A. W. Freeman, president of the D.U.S. board, plan a renewed effort to stir up the community today after a disappointing turnout for the Kickoff Breakfast at Marco's. (Daily Press Photo)

Apathy Must Be Overcome:

D.U.S. Leaders Dismayed By Slim Kickoff Turnout

Delta United Services campaign leaders attempted today to overcome community apathy over the drive with a renewed sales effort after a disappointing turnout this morning at the 1966-67 Kickoff Breakfast at Marco's Restaurant.

If the drive doesn't meet with more public enthusiasm than the Kickoff Breakfast, the campaign is in trouble.

Robert Barron, Delta County drive chairman, said he hoped for a larger turnout at Gladstone's kickoff luncheon at the James T. Jones school.

Only about 60 persons turned out for the breakfast, which was jointly sponsored by Bird's Eye Veneer Co., Mead Corp.,

Two Injured In Traffic Mishaps Over Weekend

Two persons were injured and one was taken to St. Francis Hospital for treatment in two traffic accidents in Escanaba over the weekend, it is reported by Escanaba police.

Robert Osier was injured when the car in which he was a passenger, driven by Katherine C. Osier of 322 S. 16th St., was involved in a collision at 3rd Ave. N. and Stephenson Ave. at 9 p.m. Sunday.

The other car was driven by Edward McNellis, 29, of Milwaukee, who was summoned to court for failing to stop in the assured clear distance and for not having an operator's license on his person. In Municipal Court he pleaded guilty and was fined \$15 and \$5 costs.

The first accident of the weekend occurred at 4:23 p.m. Saturday at 5th Ave. S. and 14th St. John Wiles, 10, riding in a car driven by Norma Jean Wiles of 311 N. 16th St., suffered minor injuries.

The other car was driven by Max Frederickson, 55, of 517 S. 12th St., who was summoned to court for improper left turn, failing to yield the right of way, and leaving the scene of a property damage accident.

Harnischfeger Corp., and Clairmont Transfer Co. The Delta United Service board has sent 287 invitations to the area's leading Industrial, Commercial, Governmental, Professional and Education representatives in an effort to coordinate a successful drive.

Goal Is \$67,194

Goal for this year's campaign, based on request of the 11 participating agencies, is \$67,194. About \$47,000 was raised last year and Barron indicated earlier that he hoped for 100 per cent on the 1966-67 campaign.

"I'm greatly disappointed," Barron said. "As a result of this turnout this morning, it's plain to see we still have a large amount of apathy showing in this community. This we will have to overcome."

"This is not the Delta United Services drive," he continued. "This is Delta County's drive. These 11 agencies are set up to service you and it's up to you to support them."

"I'm shocked at the turnout," he said, "but I hope the people who are here will grab the ball and put forth some effort to make this drive a success."

The drive is expected to continue into the middle of November with residential and township divisions launching house-to-house campaigns in two to three weeks, Barron said.

He urged campaign workers to emphasize to contributors the importance of placing D.U.S.

stickers in front doors to avoid duplicating solicitation.

Office To Open

The D.U.S. Office, 904 Ludington St., is expected to open Tuesday, manned by volunteers.

Participating agencies in the D.U.S. drive are Bay Cliff Health Camp, Boy Scouts, Girl Scouts, Camp Fire Girls, J.F. Kennedy School for retarded children, Delta County Red Cross Blood Bank, the Salvation Army, Delta Family Services, Upper Peninsula Child Guidance Clinic, United Service Organization (U.S.O.) and the Michigan Children's Aid Society.

Chairman of the Delta United Services Board, A.W. Freeman, called on campaigners to produce maximum effort to meet the goal.

"The image of United giving success is one of the factors which makes this a progressive city," he said.

Barron will be assisted by John Moore of Harnischfeger Corp. in coordinating the Escanaba drive, while Sgt. W.I. Treichel of the Michigan State Police will chairmen the Gladstone effort.

Death Claims Mrs. Jesse Yale

MANISTIQUE — Mrs. Jesse (Anna Belle) Yale, 72 of Gould City died Saturday afternoon at the Schoolcraft Memorial Hospital shortly after admission.

She was born in Gould City on Sept. 6, 1894 and she had spent most of her life there and in Hermansville. Her marriage took place in 1913 and Mr. Yale died in 1942.

Mrs. Yale was a member of the Presbyterian Church and the Rebekah Lodge of Gould City.

She is survived by six sons, Hector of Dearborn Heights, Jesse of Hermansville, Ralph, Lawton, Okla., Clifford, San Diego, Howard of Gould City and Harry of Farmington; two daughters, Mrs. Albert (Leona) O'Neil and Mrs. Donald (Ivy) McNeil of Gould City; one brother, Gerald McCallum of Fruitport, Mich., 29 grandchildren and 17 great grandchildren; four sisters, Mrs. Leo Gonyon of DeTour, Mrs. George Judson of Gould City, Mrs. Della Criley of Las Vegas and Mrs. Blake Dinger of Flint.

Friends may call at the Gould City Community Building from 2:30 to 9:30 p.m. Tuesday and at the Gould City Community Building from 10 to 11 a.m. Wednesday. Funeral services will be held at the Community Building at 11 a.m. Wednesday with the Rev. William Farnham officiating. Burial will be in the Meyer Township Cemetery in Hermansville.

End your embarrassment and get the old clunker running like new again by bringing it to DON! He can make you proud!
